To Whom It May Concern:

On March 24, 2007, our clinic experienced a devastating water problem. My wife and I were out of town and therefore our employee, Donna Sandlin was left to take care of the situation. Your employee John Lopez was on the scene representing your company. As I understand the happenings of the day, John was a great help to our trusted employee Donna.

I wanted to let you know how much we appreciate everything he did to help Donna in every way.

Sincerely,

Brian K. Wilson, DC
